SUMMARY

I am a New York City based full stack software engineer with a previous professional background in digital marketing.

As an software engineer (L5/SWE 3) at Peloton Interactive, I develop UIs, APIs, and workflows for our shop and subscription platform that include product catalog management, checkout, cart, payment processing, promotion management, etc.

SKILLS

Languages & Frameworks: JavaScript, TypeScript, Python, React, Node.js, HTML5, CSS, Kotlin

Tools & Databases: Git, REST APIs, GraphQL, SQL (PostgreSQL), AWS, Jira, CI/CD, Design System, Contentful

Marketing Tech: Marketing Automation (Braze, Hubspot), A/B Testing, Analytics (Google)

EXPERIENCE

Peloton Interactive | New York, NY

Full Stack Software Engineer | Sept 2022 - Present

Senior Member Communications Specialist, OX | Oct 2021 - Sept 2022

- Spearheaded the end-to-end development of the Strength+ web checkout flow using React and TypeScript, delivering a high-performance, responsive UI for a major new product vertical.
- Architected a refactored checkout framework that reduced deployment time for new initiatives from 1 week to <3 hours; utilized TypeScript to ensure type safety and modularity for future scalability.
- Engineered a tiered subscription infrastructure, developing complex billing logic with Python back-end services and building a custom management dashboard in JavaScript/React
- Collaborate cross-functionally with Design and Product teams to map complex edge cases, translating ambiguous requirements into scalable technical specifications and clean code.
- Automated member outreach workflows using Braze, reducing manual effort for the OX team and sparking a transition into full-time software development.

CaaStle | New York, NY

Associate Marketing Manager | Sept 2019 - Oct 2021

- Optimized conversion funnels for Express Style Trial by redesigning campaign architecture and incentive communications, resulting in a 30% increase in user conversion.
- Leveraged weekly data analysis to identify tactical testing opportunities, leading to improved member retention rates for multiple high-profile retail brands.
- Collaborated with product teams to translate marketing requirements into actionable feature updates, bridging the gap between business goals and technical execution..

Biotix | San Diego, CA

Associate Marketing Manager | Jun 2017 - Sept 2019, SAN DIEGO, CA

- Orchestrated the migration and implementation of a new marketing automation platform, streamlining lead nurturing and increasing lead-to-customer conversion by 5%.
- Managed technical operations of the lead-gen system, ensuring data integrity across CRM and automation platforms for global marketing initiatives.

EDUCATION

BrainStation | Diploma, Web Development

SEP 2021 - MAY 2022, ONTARIO, CA

Sonoma State University | Bachelors of Science, Marketing and Marketing Management

2010 - 2014, ROHNERT PARK, CA
